RE: PSCW Docket 137-CE-139: ATC's North Madison to Huiskamp Transmission Project

Judge Marion,

On behalf of the members of our family, as affected citizens, we are requesting full party status in the above-mentioned matter. We reside along the proposed route of this transmission project and object to the American Transmission Company's proposed North Madison to Huiskamp Transmission Project. As ratepayers, it is our opinion that the ATC has not provided credible justification of need; adequately considered the effects of conservation, renewable energy, and generation; adequately considered new technologies and strategies that may allow greater transmission using already existing power lines, or adequately addressed safety concerns.

We are requesting full party status in the above titled matter so as to assert our interest in the issues of the case. We will be directly affected by the PSCW decision regarding the ATC's North Madison to Huiskamp Transmission Project. Our interests will not be adequately represented by other parties.

Please direct all correspondence on this matter to:

Linda Lerch & Linda Stouffer
6800 County Rd. I

Thank you for your attention to this request.

Sincerely,

Linda Lerch and Linda Stouffer
